Mr. Juan Rodriguez  
Business Communications Management  
228 East 45<sup>th</sup> Street

Dear Juan:

I wanted to take this opportunity to thank you and your staff at BCM for their efforts during our recent phone system conversion, which included installation of the new PRI in California and oversight of our vendor here in New York.

The scheduling, installation and ongoing communication by you and your staff during the project kept our need to track the details to a minimum, allowing us to do our jobs while you did yours in the background.

As we continue to grow, I'm sure there will be other work we will do together in the future. Thanks again.

Sincerely,

Harold A. Schwartz
